Hôtel Adèle & Jules, Paris

Comprising of two identical buildings – ‘Adele’ and ‘Jules’, the Hôtel Adèle & Jules exudes typical Parisian architecture and décor, providing guests a cosy and comfortable base for exploring the Grands Boulevards district. Astro lights were chosen to complement the boutique-style guest rooms, with Azumi LED Classic reading lights installed either side of the bed for perfect bedside illumination and Mashiko wall lights either side of the mirror in the bathroom, a classic finishing touch to the timeless design scheme.
